An Act Concerning the Freedom to Dry

The Wesleyan Democrats strongly endorse Act HB 5995, which reinforces the right of all Connecticut citizens to freely exercise sound drying practices. This act justly counters the current ordinances that prevent constituents from conserving both energy and money through the practical use of clotheslines. In the interest of improving our environment and economy, we urge the Energy and Technology Committee and the Connecticut General Assembly to enact this valuable piece of legislation.

Sincerely,

Wesleyan University Democrats

Brad Spahn, President

Corrine Duffy, Vice President

Dan Fischer, Secretary

Vignatha Reddy, Treasurer

Liza Conrad and Max Rothstein, Social Chairs

Committee of Environmental Policy

Miriam Berger
